- World-Class Customer Service
- OSHA-10, 30 & 5S Lean Trained Experts
- Safely Made in the USA®

Front Gate

Facility identification starts at the front gate. A well-marked facility adds pride, supports safety, and reinforces corporate branding.
Page 11

Parking Lot

Traffic control is central to safety in and around the building. From parking signs to bollards, we have it.
Page 8

Front Office

A warm greeting sets the tone. A front office is great for banners, safety scoreboards, wayfinding, and much more.
Page 18
PRODUCTION ENTRANCE
Keep production teams informed of safety requirements and status as soon as they enter the facility. Motivational and informative signage can make safe choices a priority for all employees.

Page 24

PRODUCTION FLOOR
PPE Dispensers and Signs help reinforce what safety equipment should be worn in a facility. The production entrance should remind all employees and visitors of the proper safety requirements.

Page 34

WAREHOUSE
Stock and custom signs, 5S Store-Boards™, Site-Boards™, and more... Production floors benefit from the safety and organizational solutions we offer.

Page 46

BACK DOCK
The back dock presents the last chance to make a great impression, making it a key area to post critical safety information.

Page 66

Shipping: A limited number of products are denoted with a (BOX) icon throughout this catalog - these items require special handling and must ship by truck/LTL. These items do not qualify for any special shipping programs and will be billed accordingly.

# Key Materials for Signs, Tags & Labels

## SIGNS

**Adhesive Vinyl** – Ideal for indoor and sheltered outdoor marking needs. Flexible vinyl with a printed matte surface. Permanent adhesive back with peel-off liner.

**Plastic** – Impact-resistant and pliable, plastic is durable for indoor and sheltered outdoor use. Print is protected by Sign Muscle® to guard against harsh abuse and even graffiti. Rounded corners with mounting holes.

**Aluminum** – Ideal for tough indoor and harsh outdoor locations. Rigid aluminum provides metal strength without rust. Print is protected by Sign Muscle® to guard against harsh abuse and even graffiti. Withstands wash-downs, abrasion, and chemical splashes—rounded corners with mounting holes.

**Reflective Aluminum** – Engineer-grade prismatic (EGP), reflective, .080” thick aluminum provides added visibility in low light conditions. Print is protected by Sign Muscle® to guard against harsh abuse and even graffiti. Rounded corners with center post-mount holes. Durable for outdoor locations.

**Lumi-Glow™ Plastic & Lumi Glow Flex** – A long-lasting, glow-in-the-dark, semi-rigid sign material that charges rapidly under any light source. It exceeds the safety standards, features, and benefits of safety grade photo-luminescent markings. The Flex material option is a 10-mil photo-luminescent vinyl with a permanent acrylic adhesive-coated back with peel-off liner.

## LABELS

**Adhesive Vinyl** – Flexible vinyl with the printed surface. Mount with permanent acrylic adhesive back with peel-off liner—ideal for indoor and protected outdoor placement.

**Magnetic Vinyl** – Flexible magnetic vinyl can place, lift, and replace on most steel or ferrous metal. The print has a clear overlaminate to resist chipping and cracking.

## TAGS

**PF-Cardstock** – Pulp-free tags have no wood pulp or paper content, unlike standard cardstock tags, and are available at an economical price. Poly-based tags will not crack, distort, or shrink and can be used for applications indoor and short-term outdoor. Available in self-laminating.

**RP-Plastic w/ Grommet (Unrippable Vinyl)** – High-strength rigid plastic tag is ideal for use in industrial environments – resists chemicals, tears, and abrasions. The surface is easy to write on with a pen or marker, resist scuffs, and can be used indoors or temporally outdoors.

**Cones Top Warning Signs**

Temporarily and quickly direct facility traffic.
- Slips into top of any standard, flexible traffic cone
- Same message both sides
- Weather- and fade-resistant
- 10” x 14”
- Plastic

**Fence Sign Holder Bracket**

- Galvanized steel bracket
- Universal for nearly any size chain link fence
- Protects from damage by distributing pressure along surface area of bracket
- Two brackets required for post mounting
- Includes 5/16"-18 thread, 3/4” long stainless steel bolt and nylon washer – works with 3/8” sign mounting holes
- Sized to fit most signs

Identification products that Inform, Protect & Motivate® your workforce.
Construction Roll-up Signs
Quickly set up highly visible signs for temporary warning of hazard and construction areas.
• Quick and easy to setup and take down
• Cross-Ribs (sold separately) insert into four corner pockets, providing rigid support
• Overlay signs snap on to change directional or distance message
• Mesh Vinyl shown

Single Spring Sign Stand
• Leg levers for easy deployment, open to 67 1/2" x 42" footprint
• Folds to 8" x 6" x 25 1/4"
• Use with 36" or 48" diamond roll-up construction signs with fiberglass cross-ribs (sold separately)
• Meets MUTCD specifications

Spring-Less Sign Stand
• Patented design for easy deployment
• Cross-Ribs (sold separately) insert into four corner pockets, providing rigid support
• Overlay signs snap on to change directional or distance message

Tripod Stand
• Stands 48" tall
• Holds 36" and 48" rigid and roll-up mesh signs
• Powder-coated steel construction
• Legs fold for portability and storage

Warning Flag
• 18" square red/orange vinyl-coated nylon flag with 24" wooden handle
• Flag adapter (sold separately) accommodates three warning flags
• Flag adapter (sold separately) attaches on top of the vertical cross-rib to accommodate three warning flags.

Cross-Ribs
• Constructed of durable, flexible fiberglass
• Insert into the four-corner pockets of the sign to provide rigid support

Digi-Day® Electronic Scoreboards

Show ongoing commitment to a safe workplace. Set the LED counter to green for accident-free days, or switch to red until safe days goal is met.

- Track continuous days, or only the days your company's workdays
- Internal clock auto-advances counter by one, every 24 hours; can set time to change
- Display days only or flash between days, date, and time
- Tamper-proof operation with handheld remote control (up to 5 displays)
- In a power failure, all information is stored
- Lightweight, durable aluminum protected by Sign Muscle™

Specifications:

- 28” x 20” x 1” slim aluminum frameless, visual edge design with rear mount hangers
- Four-digit, bright LED display with 2 1/2”H numbers
- Display meets IP65 test for dust and water resistance
- Operates on 110/120 VAC with 8-ft. power cord and AC adapter

⚠️ WARNING: Cancer and Reproductive Harm www.P65Warnings.ca.gov
Write-A-Day Scoreboards

- Keep score of consecutive days
- Wipe-off and write-in on poly-coated space provided
- Constructed of durable plastic
- Corner mounting holes

Scoreboards featuring “best previous record” include: One (1) electronic display to count safe days and one (1) magnetic display with changeable numbers set to track record number of days.

Alert & draw attention to temporary hazards.
• 5 3/4” x 3 1/4”
• Pack of 25 offered

- WARNING: Cancer and Reproductive Harm www.P65Warnings.ca.gov
**Tags By-The-Roll**
Identify temporary hazards until it is eliminated, or the hazardous operation is completed.
- Keep a large quantity of safety tags available and together for portability
- 6 5/8"H x 5 5/8"W x 3 5/8"D octagonal disposable, cardboard dispenser
- Pull out the 6 1/4"H x 3"W poly cardstock tag from the box, tear at perforation
- Scuff-resistant, matte surface writes on easily
- Comply with OSHA 29 CFR 1910.145 and ANSI Z535

**Box of Tags**
- Use only what you need, store the rest in the resealable box
- 5 3/4" x 3 1/4" tags available in tear-resistant and waterproof, PF-Cardstock material
- Each tag comes with a 3/8" plain hole
- 50 per box

**Loop ‘n Lock™ Tie Tags**
Self-Locking tags stay in place to warn of hazard.
- 8" long, self-locking plastic tie strap adjusts for tight, secure fit
- 50-lb pull strength, can only be cut or pulled apart with excessive force
- Reinforced metal grommet with 3/8" hole
- RP-Plastic tag measures 5 3/4" x 3 1/4"
- Pack of 10 tags

**Loop ‘n Strap™ Status Tags**
Self-fastening strap for quick marking of hazards.
- Flexible plastic with 5 1/4" x 3 1/4" tag body
- Strap is 1 3/8" wide x 6" long with 4" long x 7/16" wide opening
- Pack of 25

**WARNING:** Cancer and Reproductive Harm www.P65Warnings.ca.gov
Pipe Markers

Pipe markers are to visibly identify contents, flow direction and hazard classification.

Compliance Counts:
ASME A13.1 Compliant - Identifying Piping Systems

ASME A13.1 Scheme for the Identification of Piping Systems

"...a uniform system for the identification of piping contents has been established to warn personnel when the piping contents are inherently hazardous... this standard has been prepared to specify the identification of the contents of piping systems on the basis of legends, it also suggests the use of color as a supplementary means of identifying the type of hazard of the material contained in the system."

How to Order

1. Legend
   Find Legend: GAS RPK345

2. Material
   Select Material and Size Code:
   SSA – Self Stick, 3/4" to 1 1/4"

3. Color Code
   Add Code to Legend No: RPK345SSA

Materials

Snap Tite™
Ideal for use on less-than-perfect pipe surfaces.

- Pre-coiled, heavy-gauge 20-mil rigid vinyl plastic is lightweight, yet durable to withstand tough industrial environments
- Marker 'snaps' around to fit 360° over pipe
- Easy to remove and reapply
- Service temperature range: -4° to 158°F (not recommended for hot pipes)

Self-Stick Vinyl
Displays printed legend with detachable arrow for proper directional flow marking.

- Adhesive vinyl resistant to withstand harsh environments.
- High-tack, acrylic adhesive back with peel-off liner
- Adhere to clean, smooth pipe surface
- Service temperature range: -20° to 176°F

Directional Flow Arrow Tape
Provide 360° visibility for flow direction with printed arrows repeated the entire tape length. Tape has self-adhesive back. Available in standard ANSI colors. Available wound in 54-ft. rolls.

To order, add color code after the part number.
Available colors:
- BKOR - Black/Orange
- BKYL - Black/Yellow
- GNWT - Green/White
- BULW - Blue/White
- WTBR - White/Brown

Order # Size UOM
RAW252 1" x 54-ft. Roll
RAW254 2" x 54-ft. Roll
RAW258 4" x 54-ft. Roll

Additional Styles Available.

Personalize It!

**Pry-Resistant Group Lock Box**
- Made of durable, powder coated steel
- Accommodates up to 20 padlocks up to 1/4-inch shackle diameter
- Two clear 2.5-inch H x 6-inch W octagon-shaped windows reinforce lockout status
- Dimensions: 4.75-inch H x 8-inch W x 4.625-inch D

**Look ’n Stop Group Lock Box**
Look to view the keys and padlocks in a secure lock box that is shaped to say STOP!
- 13” x 13” x 3 1/2” box is durable, impact-resistant plastic
- Four row aluminum strip hooks to hang keys
- Secure with up to 44 padlocks (sold separately).

**Plastic Body Aluminum Padlock**
Non-sparking, non-magnetic, dielectric padlocks. Ideal for temperamental environments and confined space applications. Each lock includes tri-lingual LOTO labels.

**Standard Lockout Kit**
Kit includes:
- 1 Lockout Box, Plastic, 16”L x 8 1/8”W x 7”H
- 2 Lockout Scissor Hasps, 1” opening
- 1 STOPOUT® Aluma-Tag™ Hasp, 1 1/2” opening
- 3 Steel Padlock, 3/4” shackle
- 50 Labels for Padlocks
- 25 HS-Laminate Lockout Tags
- 2 STOPOUT® Circuit Breaker Lockouts
- 25 STOPOUT® Circuit Breaker Lockout Tab Tags
- 1 STOPOUT® StopPlug™ Multi-Plug Lockout

**WARNING:**
Cancer and Reproductive Harm
www.P65Warnings.ca.gov
**Floor Signs**

Lead the way with floor signs. Slip-resistant and attention getting.

**Aisle Markings**

Find it fast with properly marked aisle-ways and other areas of the facility.
1 SORT
Remove all items that are not used or needed in the work area.

2 SET IN ORDER
Find the best location for remaining items, set inventory limits, and place temporary labels, lines and signboards.

3 SHINE
Clean, repair, and paint everything, inside and out. Prevent dirt, grime, and contamination from reoccurring.

4 STANDARDIZE
Write 5S SOP for maintaining and controlling the first 3.

5 SUSTAIN
Maintain established procedures by continuously auditing and improving processes.

Banners
Promote It! Reinforce company policy or motivational messages with large attention-grabbing banners.

OSHA/ANSI Signage
Safety is often the 6th "S". Ensure your facility is in compliance with workplace safety identification.

Shadow/KPI Boards
Organize what matters with stock and custom shadow boards, and measure what you treasure with custom KPI boards.

LED Sign Projector
Shine the light. Project your message for added attention and visibility.

Tapes
Floor tapes provide excellent visibility for floor marking requirements.
Material Selection Guide

General Purpose Composite/Aluma-Lite™
- Basic maintenance and janitorial usage
- Dual outer layer aluminum with thermoplastic core
- 50% lighter than same thickness Industrial Grade Aluminum
- Temperature range of -60° to 180°F
- Features anti-static properties
- Protected with Sign Muscle®

Industrial Grade Aluminum
- Great for industrial, manufacturing & construction usage
- Superior strength & rigidity
- Corrosion resistant
- Temperature range of -40° to 250°F
- Protected with Sign Muscle®

Pro Series™ Food & Medical Grade Acrylic/Accu-Shield™
- Designed for food processing and wash down environments
- Subsurface ink will not chip, peel, or deteriorate
- Pressure washable
- Temperature range of -30° to 190°F
- Antimicrobial properties
Clean & Sweep Store-Boards™ and Combo Kits

Clean & Sweep Store-Boards™ are ideal for basic maintenance and janitorial usage. Shadows on the board identifies tools placement and organized neatly.

- Choose from a variety of materials to match your environment
- Select from five Store-Board™ color options and either Black or White shadow color
- Dimensions: 68"H x 30"W
- Include hardware for tools
- Features 1/2" rounded corners and 3/8" mounting holes
- Mobilize your Store-Boards™ with a frame (MC01 sold separately, pg. 54)

Board Color/Shadow Color Options:

Blue/White (BUWT)
Blue/Black (BUBK)
Red/White (RDWT)
Red/Black (RDBK)
Yellow/White (YLWT)
Yellow/Black (YLBK)
Green/White (GNWT)
Green/Black (GNBK)
White/White (WTWT)
White/Black (WTBK)

To order, add color combination code (Store-Board™/Shadow) to part number. Example PSB114BUWT.

Create Your Custom Shadow Board

Company Branding

Board Function

Custom Shadows

Tool Names

Protected by Sign Muscle®

Your Colors & Graphics

Identification products that Inform, Protect & Motivate® your workforce.
**Personalize It! ...In 4 Easy Steps**

**STEP 1**
Choose Your Material

- General Purpose Composite/Aluma-Lite™
- Industrial Grade Aluminum
- Pro Series™ Acrylic/Accu-Shield™

**STEP 2**
Measure

Measure the space where your shadow board will hang. Or let us know if your board will need to be mounted to a mobile cart.

**STEP 3**
Tell Us About Your Tools

**Option 1**
Take a clear, straight-on picture of each tool next to a ruler. Provide us with a general overview of the estimated size of the board need.

**Option 2**
Provide a list of tools along with their manufacturer, part number, and description.

**STEP 4**
Provide us with:

- **Your Logo**
  High res/vector art

- **Your Colors**
  Background, shadow, font colors

- **Your Message**
  Tool names, part numbers, department

---

**5S SHADOW BOARDS**

A Place for Everything and Everything in its Place

**DID YOU KNOW?**

Properly deployed shadow boards can reduce administrative and production costs – increasing profitability at your location.

Mobile Cart Solutions

Push 5S Compliance or Communication Where it is Needed Most.

Mobile carts provide a maneuverable solution to perfectly support the organization of cleaning equipment, tools and more within the workplace, in addition to delivering point-of-need communication.

Available in three sizes, mount stock or custom shadow or KPI boards to these anodized aluminum frames with casters and move from workspace-to-workspace as needed.

About our Mobile Carts

- Three popular cart sizes
- (4) Swivel, locking casters; zinc-plated steel housing
- 2” diameter rubber coated wheels
- Some assembly required; instructions and assembly hardware included
- Mobile Carts can hold two boards, one per side
- MC01 fits our Janitorial (Dry), and Wet & Dry Zone Cleaning Station Store-Boards™
- MC02 fits our Janitorial (Mop) Cleaning Station Store-Boards™
- Custom boards can be designed to fit mobile carts

Site-Boards™

Our KPI boards (Key Performance Indicator) have a dry-erase surface that makes updating information easy, and our design team will customize the ideal layout for your company’s unique work flow.

- Visually display schedules, goals, and sales targets
- Track production work status and time commitments
- Manage and update on-going work place initiatives
- Assign job responsibilities, tasks, and duties

**PERSONALIZE IT!**

How to Order

1. **Layout**
   Show us a basic layout or template of what you would like. We can print your logo, full-color graphics, tables, grids, and more.

2. **Size**
   Ranges from 24” x 36” up to 48” x 96”. Have a bigger project? Contact us!

3. **Material**
   Tell us if you need magnetic receptive or non-magnetic.

Once we have all of your requirements in hand, we will provide a quote and proof for your review.

**Additional requirements.**

- Do you need accessories to be included like a mobile stand or printed magnets?
- Magnetic Dry Erase boards are available in 8 sizes with aluminum frames and marker trays.
- Choose either wall-mounted or a double-sided board with mobile stand.

Heavy-Duty Floor Marking Strips

The best choice for superior durability, performance, and easy-to-apply Floor Marking solutions for your industry.

Durable strips stand up to everyday floor abuse, including forklift traffic.

- Strips are made with 55-mil thick polyethylene with an aggressive polypropylene adhesive backing
- Beveled edges reduce tears and lifts from pallet dragging
- Full adhesive back forms a solid bond, eliminating liquid from seeping underneath
- Easily applies and bonds to a variety of clean, sealed, and non-coated surfaces
- 48-inch long strips allow you to keep lines straight
- Strips are easily trimmed to needed length or to create corners
- Perfect for the Set in Order phase of 5S implementations
- Service temperature range: -90°F to 168°F
- Additional colors available

Heavy-Duty & Durable Floor Marking Tapes

Built to withstand industrial traffic, these 50 & 30 mil thick floor marking tapes provide a long-lasting solution that goes down easy and cleans up just as well.

- Designed for long-term floor marking, yet still removes cleanly
- Smooth, easy to clean, slip resistant
- Leaves no residue when removed
- Faster to install than paint, with zero downtime
- Rubber based, pressure sensitive adhesive
- Service temp range: -10°F to 150°F
- Emergency Assembly Wall Sign

Heavy-Duty Floor Marking Tapes

- 50 mil thickness
- Material: Vinyl
- Dual beveled edges allow industrial wheels to roll over smoothly (50 mil option)
- Designed to withstand forklift traffic (50 mil option also withstands industrial brush scrubbers and other equipment)

Reflective Safety Marking Tapes

With excellent visibility and rated for 5-7 years of outdoor life, these reflective tapes meet ASTM specifications D4596-01 Type 1. This 6 mil vinyl tape applies easily to clean, smooth, dry surfaces with a synthetic rubber resin adhesive. Uses include:

- Poles
- Barricades
- Fences
- Buildings
- Roadway hazards

Safety Marking Tapes
Mark specific areas to promote safety, and identify potential hazard areas with visible color tapes.
Waterproof and wear resistant 6 mil vinyl tape applies easily to clean, smooth, dry surfaces with a synthetic rubber resin adhesive and has a temperature resistance of -20°F to 175°F. Perfect for:
- Color-coding
- Aisle marking
- Duct sealing
- Abrasion protection
- Pipe wrapping
- Light bundling
- Packing
- Safety marking

Walk-On Slip-Gard™ Floor Marking Kits

Pre-cut floor sign kits help keep areas in front of fire extinguishers, electrical panels, emergency showers/eyewash stations, and any other equipment free and clear of obstructions.

- Includes eight piece pre-cut border and 12” x 12” diamond floor sign
- Features non-slip, textured overlaminate

Pre-Cut Assortment Pack

Identification products that Inform, Protect & Motivate® your workforce.
Heavy-Duty Marking Shapes & Footprints

Visual floor marking tools make work areas safer by identifying different locations, providing safety warnings and precautions, and communicating proper work habits.

- Each shape includes 25 per pack
- 50 mil thick for long-term application & use
- Designed to withstand industrial traffic
- Rubber based pressure sensitive adhesive
- Service temp range -10°F to 150°F
- Application temp range 40°F to 150°F

T-Markers

- 6" x 6" x 2"

Footprints

- 3.5" x 9.5"

Corner Marker Angles

- 6" x 6" x 2"

Durable Marking Circles

- 34 - mil thick for long-term application & use
- Sold by each

Marking Stencils

- Made from a durable .060 polyethylene plastic
- Designed to withstand repeated use
- Easy to clean; simply roll to remove dried paint flakes after use

Walk-On Slip-Gard™ Floor Signs
Alert and remind in and around walkways, work areas, and entrances with bold graphics and messages on the floor.
- Made from pressure sensitive vinyl with anti-slip laminate
- Adheres to a wide variety of smooth surfaces with superior performance on sealed concrete
- Features non-slip, textured surface
- 17” diameter
LED Virtual Sign Projector

The ideal solution for high-traffic areas. Project safety message/image onto floor or wall surface, in walkways, drive lanes, work areas, and entry points.

- Projector contains CREE high power LED chip, long-life 50,000 hr. energy-efficient LED bulb
- Projector includes interchangeable lens disc insert (additional lenses sold separately)
- Integrated cooling fan designed to prevent overheating
- Remote control & mounting kit included
- IP65 rated for damp environments.* CE and RoHS certified
- Operates on 110V with 3 ft. power cord and 3-prong plug
- Not recommended for outdoor use.

Heat Stress & Back Dock | Front Gate to Back Dock

Heat Stress Temperature Signs
An innovative way to alert employees of dangerous environment temperatures and reminds them to avoid heat stress.
- Display temperature reading range is: -4° to 158°F, (Celsius: -20° to 70°C)
- Can be set to display Celsius or Fahrenheit
- Bright LED display with 2 1/2"H characters
- Operates on 110/120 VAC with 8-ft. power cord and AC adapter
- Lightweight, sturdy aluminum construction features a low profile, 1-inch deep visual edge design

Digital display shows current safe temperature in green. When the temperature reaches user specified setting, the display changes to red.

Compliance Counts:

DOT Compliant: Hazardous Material Shipping

Identification products that Inform, Protect & Motivate® your workforce.
At AccuformNMC, we combined the best-of-the-best in sign protection to offer you the new and improved Sign Muscle® to increase the longevity of signs, labels, and more.

Sign Muscle® preserves the life of your signs and labels!

Our NEW & Improved Sign Muscle® formulation is powerful enough to survive in most environments...and it’s patented*.

Pioneered more than a decade ago, our scientifically strong liquid laminate protects your identification product from virtually any hazard. Durable, strong and resilient, Sign Muscle® delivers protection – guaranteed.

A sign that lasts starts with a quality base material. For example, an industry-tested material like plastic versus a typical competitor material with unknown origins. The wrong base material can speed up damage to the potential life-saving safety message that sits on top. A message that guides a workforce to safety is a message that we can’t allow to fade.

Longevity through quality also means scientifically engineered ink-sets specifically created for the materials they will be printed on.

That’s the difference, driven by facts and supported by science. Resist fading and easily restore like new!
PRACTICAL SOLUTIONS FOR OSHA’S TOP 10 SAFETY VIOLATIONS

1. **Fall Protection**
   - Protect workers from serious injuries – even death with safe work practices and safety identification.
   - Safety Signs – Page 28

Inform
Communication is a key component of everything we do here at AccuformNMC – from alerting others to potential hazards around them, to helping ensure your employees make it home safely at the end of the day, we create products that inform others of vital information to make navigating the world a little less dangerous.

Protect
Our products are designed with one key idea in mind: keeping what matters most to you safe. Whether it’s your employees, your facility, or the public at large, our goal is to assist you in preventing accidents and injuries.

Motivate
We’re not just about safety – Accuform is committed to helping you inspire your co-workers and colleagues to be more efficient, safety-minded, and live better lives.
Custom ... Because Your Facility is Unique

Customizing your safety identification products help keep your company top of mind with your employees and customers while reinforcing your commitment to safety.

Whether you need a custom message, a personalized design with original imagery and logos, or require a unique shape or size, turn to the Custom Experts™ at AccuformNMC to help your message shine through.
