HARTHealth

Welcome to HART Health

For our new friends, we'd like you to know we've been in business since 1976 manufacturing and distributing one of the most extensive lines of industrial first aid kits and immediate care medical supplies. HART Health brand products are of the highest quality with special attention to every detail of production including function, appearance, packaging, and labeling. Our medications stand equal to national brands at exceptional value.

To our old friends, so let us take this moment to say "Thank You!" for your business, your loyalty, and your friendship.

From all of us,

Why Choose HART Health?

Product Range

- Greater First Aid assortment availability
- Offer more options

Superior Quality

- All HART Health products meet or exceed industry standards

Trust & Reliability

- From sourcing to fulfillment, you can count on HART Health!
- Our products have been trusted across the nation for over 50 years

Real Savings

- We specialize in First Aid supplies directly sourcing our products so we can truly offer better prices

Professional Service

- Connect with an actual person - no 'phone-tree'
- Only fast, friendly, and knowledgeable people

FIRST AID IS OUR PASSION, OUR ONLY PASSION.

HART Health is built on 50 years of commitment to our customers, vendors and employees. We are dedicated to providing a wide range of high-quality products, delivering real savings – quickly and accurately with unrivaled execution.

Wound Care

Gauze

When it comes to wound care - absorbent gauze matters!

HART Health gauze products have cutting-edge quality that go toe-to-toe with national brands at affordable prices, **creating value for your organization!**

Thicker, softer, more absorbent, low linting gauzes

- Protects and cushions wounds
- Absorbs fluids and blood
- 100% woven cotton pads

Tapes

High Quality at Low Prices

- HART Health Waterproof, Cloth, and Elastic tapes have strong adhesion properties
- Quality, latex-free products for exceptional durability, comfort and value

Wound Care Treatments

Creams, Ointments, Wipes, & Sprays

- Quality creams to soothe itching, and moisturize to help keep skin comfortable
- Ointments help to promote healing
- Wipes help to clean wounds, prevent infection, or soothe itchy bug bites
- Pump and aerosol sprays are quick and efficient wound treatment options

Medications

Our Medications: National Brand Quality

Private Label – not generic brands

- HART Health Brand: Respected nation-wide for over 50 years.

Medication Comparison

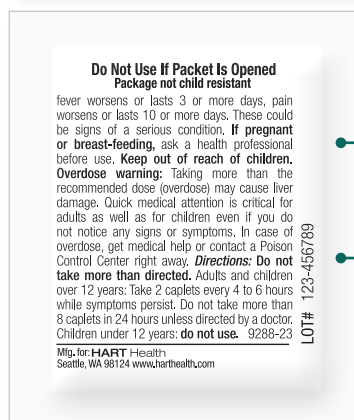

- Every box is labeled clearly with the comparable nationally branded medication highlighted in yellow (*see example to the right*)

Unit Dose Medications

- Conveniently packaged, by dose, in sanitary packets.
- Our easy-access dispenser boxes can fit neatly in cabinets, coffee nooks, and on shelves.

Nationally Trusted HART Health Medications

- HART Health medications have critical medical information printed on every packet, including:
 - Active Ingredients
 - Primary uses
 - Warnings, and directions
- Medication is packaged specifically for a variety of occupational settings.
- Medication packets stay contamination-free and are easy to use.

First Aid Stations

Organized Pockets Increase Usability

- Quick access pockets
- Customize item arrangement
- Easy to identify items with insert cards
- Encourages more usage

Quality Customers Can See

- USP Type VII gauze
- Thicker 12-ply pads
- Higher thread count
- No linting

Exceptional Organization

One Brand.
No Low Quality Generic Products

- Clear purpose statements
- National brand equivalents, identified prominently
- Less expensive than national brands

More Adhesive Bandage SKU's Increase Your Sales

- Wide variety of styles, sizes, and types
- Multiple sizes and shapes
- Offer more options to your customers
- Long-lasting adhesion

Consistent Branding Throughout

Quality That Enhances Your Image

- Thicker, softer ABD pads
- Absorbs more fluids
- Fewer dressing changes

First Aid Kits

Kits for a purpose

- Specialized kits bring the right products for emergency responses
- Supports standard first aid programs with kits for varying business needs
- Full EMT kits, truck, burn, bloodborne pathogen, and traumatic bleeding kits help save lives

Truck Kits

- Available in bulk and unitized
- Compact yet filled with all of the essentials, to fit in any vehicle

Burn Kits

- Fast and effective emergency care for first and second degree burns
- Superior sterile solutions to cool the burn and relieve the pain

First Responder Kits

- These handy portable kits are designed for use on a wide range of injuries from minor cuts to major trauma requiring Basic Life Support (BLS)
- Designed for fast transport to an accident site and complements any First Aid Station

Bloodborne Pathogen Protection Kits

- These kits meet the OSHA compliance for protection against exposure to HIV, Hepatitis, and other easily transmitted pathogens
- Lightweight, wall mountable boxes are rugged and weatherproof, with clear graphics for high visibility
- Instructions for best practices in preventing exposure

NEW PRODUCT!

Bleed Control Kit

Bleed Control Kit, POLY BOX

Item No: 0718

Chest Seal

Chest seals are used for deep puncture wounds to the chest, neck, and abdomen to help prevent air from entering the chest cavity through the wound.

Nitrile Gloves

Essential for maintaining effective treatment by reducing probability of cross-contamination. To be used one pair per victim.

Locking Windlass Tourniquet

Used when all other attempts to stop or slow bleeding have failed and loss of life due to bleeding outweighs loss of limb.

Includes guide for various emergency situations.

Hemostatic Gauze

To help manage catastrophic bleeding by quickly absorbing water content of blood, allowing faster clotting.

Rescue Blanket

To help prevent or treat for shock by reducing bodily heat loss. Can also be used to help treat sucking chest wounds.

Israeli Bandage

A specially designed, first aid device that is used to help stop bleeding from hemorrhagic wounds caused by traumatic injuries in emergency situations.

Scissors

To ensure treatment is delivered as quickly as possible, bleeding control kits should contain scissors that can easily cut through clothing and footwear.

Uncontrolled bleeding is the most common cause of preventable trauma death in the United States.

Bleed Control Kits are designed to help stop traumatic hemorrhaging.

HART Health is ready to help!

KIT CONTENTS
