

SAFETY DEVICE

UNIVERSAL VALVE LOCKOUT

Valves **vary in size** and have a **wide range** of handle shapes. Lockout devices currently available are only suitable for **specific sizes**, shapes or manufacturers. Paired with a cable lockout, the **ABUS V500** valve lockout can be used on **anything!**

Key Features

- Metal housing ensures the V500 will endure harsh industrial settings
- Creates a mounting point on the handle which is secured against a counterpoint using a cable lockout
- Large, specially shaped contact surface (rubberized on one side) for the ideal valve handle grip
- Features an ergonomically shaped rotary handle for quick, easy adjustment
- Supports one padlock or device
- Item #87151
