

XSORB Spill Kits with Universal Poly

XSORB Outdoor Spill Kits with FiberLink poly for water or oil-based spills are available in 6 sizes to suit every need. Particulate and poly sorbents are **non-carcinogenic** as defined by the IARC and **meet or exceed EPA requirements to pass the TCLP, LRT, & PFT tests** for safe and proper landfill disposal.

Spill Kit containers of every size comply with HAZWOPPER regulation 29 CFR 1910.120. Containers and absorbents can be incinerated and are U.N. Certified. Refer to local regulations for proper handling and disposal of absorbed liquids, especially hazardous liquids.
